COAL LINES

# MAGNAFIRE SERIES

Easy maintenance, clean-burning performance and consistent heat output make the Legacy Stoves MagnaFire Series of coal stoves and inserts practical heating solutions for any home. Experience a series of coal stoves with "Advanced Design - Old Fashioned Value"

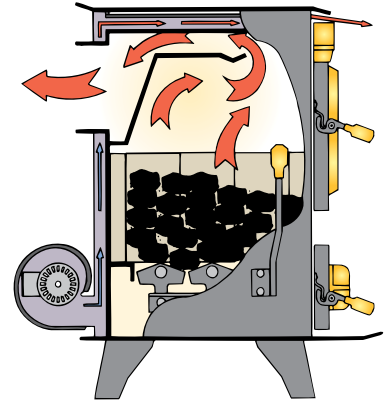

## Mark I STOVE

The Mark I Coal Stove is a compact blend of function and technology—and easily burns any grade of coal. Heat is extracted by an advanced heat exchanger system and circulated throughout the home with a powerful blower.

### Features

- Up to 48,000 BTUs—heats 900 to 2,600 sq. ft.<sup>1</sup>
- Up to 24 hour burn times
- 76 cfm blower
- Spiral chamber
- Legacy grate system
- ULC S627
- 6 Inch flue collar
- Uses pea, nut or stove coal
- Measures 32 H x 20 W x 19 D
- Weight is 339 Lbs

Spiral Chamber

## Mark II & Mark III STOVE

The Mark II and Mark III are two powerful, easy-to-operate coal stoves. An uncompromising commitment to quality is evident with solid, precision-welded 1/4-inch steel. A blower system and specially designed baffle circulate heat throughout your home, not up the chimney.

### Features
