TLC 2000
COAL STOVE

Function and Utility

The TLC 2000 is a heating powerhouse with unmatched utility. It features flexible, front or top loading of coal, and a cooking grill option!

Engineered excellence makes the TLC 2000 achieve reduced emissions and up to 48 hours of uninterrupted burn time. A large ash pan and clean-burning performance offer easy maintenance. The TLC doesn't require electricity, ensuring smooth operation—even during power outages.

Heat your home, enjoy a traditional fire and create a delicious chargrilled meal with the optional cooking grill. The TLC 2000 delivers.

Features

- 72,000 BTUs — heats 1,200 to 3,000 square feet¹
- Up to 48 hours of burn time from each load of coal
- Top and front-load doors
- Air adjuster to alter fire size
- Convenient, large ash pan
- Large glass size for fire-viewing

Options

- Variable speed blower
- Cooking grill
- Modern brushed stainless trim
- Top air grille with brushed stainless trim

LIMITED LIFETIME WARRANTY²

One of the best in the industry, AHS provides a limited lifetime warranty on most important aspects: firebox and heat exchanger.

¹See your local authorized Legacy dealer for help in determining the product that best suits your heating needs based on climate and home efficiency.

²For full warranty details, visit www.legacystoves.com

Actual product appearance, including flame, may differ from image. Product specifications and pricing subject to change without notice. The images and descriptions in this brochure are provided to assist you in product selection only. Refer to installation manual for complete clearance requirements and specifications. Fireplace, stove and insert surfaces get extremely HOT and can cause severe burns if touched. Keep a safe distance away.
